

## Oil Rig Washing Equipment

### POWER WASHERS

**HYDRO TEK.US**

### INDUSTRIAL USES

- Offshore Rig Washer
- Grease, Oil & Grime Remover
- Oil Field Washer
- Hazardous Area Washer

# The Hammerhead

## HYDRO TEK Model #: SC30006D12

Diesel heating coil heats the water **up to 200°F** to melt away oil and sludge

Rust proof **Stainless Steel Pro-Tect-It** frame with built in 4 point lifting eyes, panels and coil cover protect vital components even in the harshest environments

**Emergency Shut-off** air choke valve Shuts off air supply to the engine; specifically designed as a safety feature for use on off-shore oil rigs

**Large 18 gallon fuel tank** allow for extended run times minimizing time lost for repeated fill ups. Engine and burner draw from the same tank maximizing efficiency and minimizing space

**Watertight control panel** includes lighted burner switch, hour meter and adjustable thermostat for monitoring the system

Water is pressurized up to **3000 psi @ 5.5 gpm ideal** for heavy oil, grease, and grime removal

**Heavy Duty water cooled Kubota diesel engine with electric start** built to withstand even the harshest environments

**Industrial duty belt drive pump** is designed to hold up under the demands of heavy duty every day use

## Accessories for Oil Industry Cleaning

- Truck or trailer mount options with water tanks
- **AHB12** - Wheel Kit with pull bar steering
- **AN050** - Turbo Nozzle
- **AR188** or **AR425** - Hose Reels
- **ASB55** - Sand Blaster assembly
- Hydro Vacuum® wastewater recovery
- **WT0SD** - Float Tank w/inlet injection
- **WT0SC** - Winterizing Tank

### Truck or Trailer Mounted Options

Tank Skids options for truck mount available in 200 or 270 gallon options. Trailer options with 200 to 540 gallons in single or dual axle. For more info visit: <http://www.hydrotek.us/trailers.htm>

### Wheel kit for portable use

**AHB12** – wheel kit with pull bar steering

ZVAC – Truckbed/Trailer mounted Recycle System

AN050 Turbo Nozzle

AR425 pivoting hose reel
