

Construction Equipment Cleaner

HYDRO TEK Model #:
SC30008DAF

Diesel heating coil heats the water up to 200°F to melt away grease, grime, dirt and mud

Rugged powder coated steel Pro-Tect-It frame and Rust Free Stainless Steel panels and coil cover protect vital components

Onboard generator provides supplemental power to run lights or other accessories

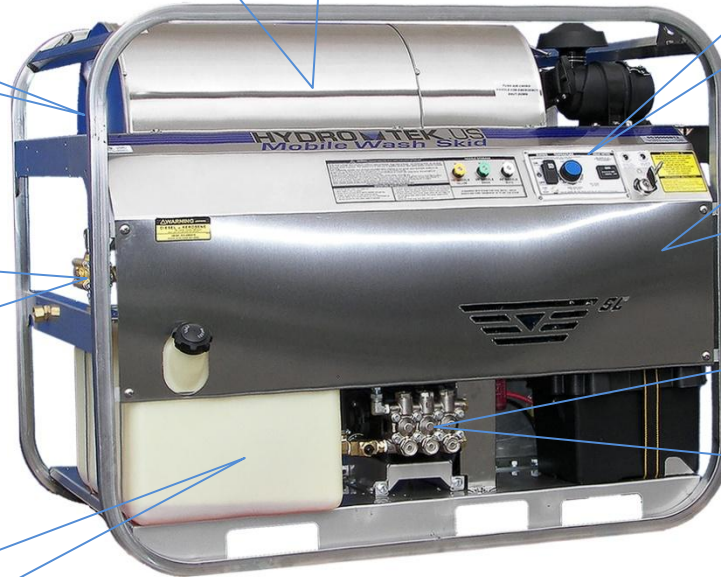

2-gun / adjustable flow unit – Cut cleaning time in half by having 2 operators wash simultaneously

Heavy Duty water cooled Kubota diesel engine with electric start built to withstand even the harshest environments

Large fuel tanks allow for extended run times minimizing time lost for repeated fill ups

Water is pressurized up to 3000 psi @ 7.6 gpm (or two guns @ 3.8 gpm each) ideal for heavy dirt, mud, oil, grease and soot removal

Industrial duty belt drive pump is designed to hold up under the demands of heavy duty every day use

** Shown with optional stainless steel frame Part #: HS215
