

Culvert Clearing and Ice Thawing Unit

HYDRO TEK Model #:
SS40004VH

Rugged powder coated **steel Pro-Tect-It frame** and **Rust Free Stainless Steel panels and coil cover** protect vital components even in the harshest environments

Compact Size: Makes it ideal for mounting in the back of a pickup with a water tank for mobile use

Highly efficient heating coil with 150° to 175° of heat rise for **melting away ice and frost** at high and low pressure

Gasoline engine is 50 State legal and **meets strict EPA and CARB fuel evaporation emission standards**

Large fuel tanks allow for long run times minimizing time lost for repeated fill ups

Water is pressurized up to **4000 psi @ 4 gpm** and is ideal for removing ice from drains and culverts or thawing ground for guard rail stump removal

Remote gasoline tank is not directly over the engine allowing for safer refueling

Industrial duty pump and engine are designed to hold up under the demands of heavy duty every day use

Accessories for Culvert Clearing and Ice Thawing

- **Truck or trailer** mount options with water tanks
- **AHA12** - Wheel Kit 13" w/ pull out handles
- **AN040** - Turbo Nozzle
- **AR188** or **AR425** - Hose Reels
- **HS215** - Stainless frame option
- **AC340** - Down Stream Injection
- **WT0SW** - Winterizing Tank
- **AVG85** - High output burner modification
- **AVW40** - adjustable pressure wand
- Foot controlled valve with jetter nozzle for pipe and drain thawing

Truck or Trailer Mounted Systems

Tank Skids options for truck mount available in 200 or 270 gallon options also available with hose reels.

Trailer options with 200, 270, 400 or 540 gallon options in single or dual axle configurations with surge or electric brake options. For more info visit: <http://www.hydrotek.us/trailers.htm>

Wheel kit for portable use

Wheel kit Part #s:

AHS12 - 13" wheel kit

AHA12 - wheel kit with pull out handles

AHB12 - pull bar wheel kit
