

New Mobile Wash Skid added to SS Series

The SS30003VG is a mobile wash skid that uses the 12-volt charging system on the engine to power the burner giving you continuous hot water. Its compact size allows passage through standard doorways, and simple design makes it easy to run and maintain. This SS Series has the output to perform heavy duty cleaning without needing any outside electrical power. An invaluable piece of equipment for property management companies, farmers, mechanics or anyone requiring a mobile cleaning solution for dirt, grease, and grime.

Technical Data:

- 3000psi, 3gpm
- 9hp pull start Vanguard engine
- Direct drive General pump
- Adjustable temperature up to 250°
- 20amp charging system powers the burner
- Large coil for fuel efficiency and high heat output

Versatile mounting options: Wheel kit, trailer, tank skid, or stationary

Bonus features on SS30003VG:

- Heavy duty Pro-Tect-It frame with rust proof stainless panels and coil wrap
- High pressure 50' hose, 48" insulated wand/gun with nozzle holder, and quickconnect nozzles included
- New style commercial engine ensures easy and reliable starting
