

Cold Water: Electric Powered – Stationary or Portable

The **CN Series** offers auto on/off with adjustable time delay shutdown and a unique design for versatile mounting and portability. The auto on/off feature allows you to clean with just one squeeze of the spray gun, no traveling back and forth to the unit to adjust the pressure. Designed with durable heavy-duty components for a lifetime of performance and constructed of stainless steel for corrosion resistance. Whether used stationary or with the optional wheel kit, this cold water unit delivers high-pressure cleaning for any work where electric power is available.

PRESSURE	3200 PSI
FLOW CAPACITY	3.5 GPM
POWER/ENGINE	7.5 hp
VOLTS / PHASE / AMPS	208/230v / 1ph / 38amp
CONTROLS/SWITCHES	Hour meter, lighted on/off switch, panel mounted soap control
POWER DRIVE	V-Belt Drive, Low RPM – cooler, quieter, continuous duty performance
PUMP	Cat Pump, oil bath, Triplex, ceramic plunger, brass head, stainless steel valves
PRESSURE CONTROL	Adjustable Unloader, adjustable pressure wand, Safety Relief Valve
WATER SUPPLY	Pressure Feed From Garden Hose, 3½ gal. Float Tank With 50 Mesh Filter
PRESSURE HOSE	3/8" x 50' 4000psi Steel Wire Braid Hose
GUN / WAND	48" molded insulator, adj. pressure wand with quick coupler
SOAP INJECTION	Inlet Soap/Chemical Injection at Full Pressure, Stainless Steel Chemical Metering Valve
NOZZLE	#4.0 (0°,15°,40°)
