HYDRO TEK

Pressure Washer Parts & Accessories
**Terms & Conditions**

**TERMS:** Our standard terms are **NET 30.** For processing of new credit please submit a signed credit application and allow a few weeks for processing. We ask for a minimum of 2 years in business. 1½% interest charged per month on all past due invoices. Orders will be held on accounts over 45 days old (15 days past due). Open account status cancelled on accounts over 90 days old (60 days past due). There will be a $25 charge on all returned checks. If there is a history of bad credit or checks, a cashier’s check may be required going forward.

**PAYMENT IN ADVANCE:** Cash, cashier’s check, wire or credit card (Visa or Master Card) required prior to shipment. Checks accepted from established distributors with prior approval.

**C.O.D.:** Used for parts orders when the carrier, such as UPS, will collect payment at time of delivery.

**CREDIT CARD CHARGE:** Visa or Master Card accepted on payment in advance/COD accounts. If open account distributors choose to pay by credit card, payment is expected **on or before shipment date** only (all terms discounts will be disallowed).

**WIRE TRANSFERS:** Instructions will be provided upon request

**DEPOSITS:** May be required on custom built orders.

**PRICING/TAX:**

- **Pricing:** As published at time of shipment in US Dollar. All prices are subject to change without notice.
- **Non-Taxable Sales:** Resale Card, Certificate of Export and/or Government Purchase Order required for all non-taxable sales. Repair labor is non-taxable. Installation labor is taxable unless you are a resale account.

**Drop Shipments:** We will not drop ship into another distributor’s area. Additionally, we are not allowed to ship into the state of California or Texas without the distributor presenting a valid Resale Card for that state.

**FREIGHT:** All orders are shipped F.O.B. Redlands, California. Freight shipments are processed prepaid and add by our preferred carriers. Ship to address must be specified before an order can be processed. All qualified free freight orders must ship to a single distributor location.

- **All products must be inspected at time of delivery.** Claims for losses or damage in transit must be made with the carrier by the distributor. If merchandise has arrived damaged, sign appropriately (note damage clearly on bill of lading). Shortages from Hydro Tek must be reported within 7 days of receipt of shipment. Will calls must be specified at time of order and are available only to approved Hydro Tek distributors with a California resale card. We will provide uncrating and preparation service available at an additional charge.

**MINIMUM ORDER:** A $5.00 handling charge will be added to orders less than $50.00 net.

**RETURNS:** Goods returned for credit must be pre-approved with a Returned Goods Authorization number by Hydro Tek and sent prepaid. Custom built/special order product cannot be returned for credit. All goods returned for credit are subject to a 15% restocking fee. Qualified distributors are eligible for the warranty & labor reimbursement program. Labor rates will be paid based upon the published schedule. Credit is given based upon receiving completed paperwork and defective parts within 45 days of failure. Warranty labor is not available on accessories and trailers.

**BUSINESS HOURS:** 7:30 A.M. - 4:00 P.M. Pacific Time (Monday - Friday)

**CORPORATE OFFICE:** 2353 Almond Avenue, Redlands, CA (909) 799-9222 or (800) 274-9376   Order Fax (877) 477-0717

The highest rated, best equipped Wash Extension Pole on the market
The Hydro Tek 20 foot wash extension pole system offers additional features and rigidity not found with other telescopic or extension wands. This package includes a comfort brace gun holder, shoulder harness, 19' jumper hose, three sections of 6' poles, and spray head attachment. Max ratings: 4500PSI / 250F. Designed to accept Suttner ST1500 or Hydro Tek VG200 trigger gun. Gun and twist coupler (AVGH0) not included.  
P/N AVW20

Hydro Tek Undercarriage Wand  
For removing dirt and grime from underneath a vehicle, try Hydro Tek's undercarriage wand with casters. Simply attach the wand to your power washer gun, insert QC nozzle and roll under vehicle. The undercarriage wand is also ideal for cleaning under boat trailers and motor homes.  
P/N AVUN1

All above guns are 3/8"F Inlet 1/4"F Outlet

---

**Power Roller Pole**
The revolutionary Power Roller Brush cleans awnings, siding, metal roofs or other surfaces that need a bit of gentle agitation. Water from your pressure washer spins the roller at high speed gently removing stubborn film in an 18" wide cleaning path while also rinsing the surface. Total length is approximately 9', additional pole sections can be added.  
P/N AVWD1

**Wash Brush / Pole**
Soft hog hair bristle brush on 6' long pole. (Additional 6' pole sections available)  
P/N AVW6B

NOZZLES

General Pump Foam Nozzle
3200 PSI Max / 6.5 GPM 1.5 MM Injector and one quart tank
P/N YLS12T
Special Order

Muck Scupper
Sludge & Slurry Evacuation Tool
Turn your pressure washer into a sludge, slurry, water evacuation tool. Pressure energy of spray from pressure washer wand creates suction that pulls water, up to 87gpm, through a 15' heavy wall 1½” discharge hose. Ideal for clean out of sump pots, draining a fountain or pond, and flood cleanup.
P/N ANS04, size 4.0
P/N ANS55, size 5.5

Longer hose lengths available
P/N DHB17, sold per foot

Connect to your existing ¼” pressure washer wand quick connect coupler, no other tools required.

Industrial Chemical Sprayer
The Hydro Tek low pressure chemical sprayer runs off a 12v battery or can be wired directly to a Hydro Tek skid and has a lighted on/off switch. The rugged frame can be mounted to your existing flat trailer or truckbed, or factory installed on your new ProTowWash trailer. Includes 50’ braided chemical hose, spray wand and 40g chemical tank. (Low pressure hose reels are available also)
P/N AC440

Hydro Tek Powder Coated Steel Sand Hopper Assembly with Heavy Duty 6500psi Carbide Sand Head
Powder coated steel, 300# capacity. Designed to mount on Hydro Tek trailers but can also be mounted to most flat trailers and truckbeds. Includes 50’ of 3/4” Crush-Proof PVC sand hose, size 6.0 x 5” nozzle, 3/4” sand couplers to make a complete system. (wheel / handle kit additional)
P/N ASH06

Hydro Tek Industrial Sand Blast Assembly
1000-4000 PSI / 158F Max
Includes 50’ of crush-proof PVC sand hose and heavy duty sand probe.
Size 4.0 P/N ASB40
Size 5.5 P/N ASB55
Replacement mix noz P/N NB095

General Pump Universal Sand Blast Assembly
1500-5500 PSI
3-10 GPM / 200F Max. Includes 25’ sand hose. Install your own 1/4” MEG nozzle to match the PSI & GPM of pressure washer being used
P/N DWSDBTK

5-degree spray pattern
Wheel / handle option sold separately.

See nozzle chart on back cover

Watch it in action at http://www.hydrotek.us/accessories.htm
### Whip Hoses 250F Max

Durable wire braided with fabric impressed cover and minimum three-times burst rating. All hoses are 3/8" MPT Rigid x 3/8" MPT rigid.

### Inlet Garden Hose

100' x 5/8" Heavy duty PVC compound garden hose. Silicone-free with industrial brass fittings on both ends.
P/N AG100

### Bulk Clear Braided Tubing

Use for high volume supply hose for 7+gpm machines. Clear PVC wire reinforced, kink resistant

1" P/N DHB18

Wire helix reinforcement prevents kinking or collapsing. Can be used for pressure and vacuum applications which require excellent kink resistance

3/4" P/N DHB75

1" P/N DHB80

### Bulk Black Fuel Hose

Use for Gasoline or Diesel

1/4" P/N DHP04

Surpasses CARB and EPA permeation requirements

### Bulk Black Reinforced Hose

Great for water feed & bypass lines

1/2" P/N DHC80

3/4" P/N DHL12

Sold 50' Minimum

### PVC Hose

The best hose we've found for sandblast applications. Smooth bore for unobstructed sand flow and thick wall that prevents collapse.

1/2" P/N DHS08

Sold 50' Minimum

### Female Plug QC

1/4" Steel P/N D10006
3/8” Steel P/N D10008
1/4” Stainless P/N D10076
3/8” Stainless P/N D10078

### Male Plug QC

1/4" Steel P/N D10007
3/8” Steel P/N D10009
1/4” Stainless P/N D10077
3/8” Stainless P/N D10079

### Female Socket QC

1/4" Brass P/N D10001
3/8” Brass P/N D10003
1/4” Stainless P/N D10072
3/8” Stainless P/N D10074

### Male Socket QC

1/4” Brass P/N D10002
3/8” Brass P/N D10004
1/4” Stainless P/N D10073
3/8” Stainless P/N D10075

### Female Twist Coupler Plug

1/4” Brass P/N D10022
3/8” Brass P/N D10024

### Male Twist Coupler Plug

1/4” Brass P/N D10021
3/8” Brass P/N D10023

### Female Twist Coupler Socket

1/4” Brass P/N D10027
3/8” Brass P/N D10029

### Male Twist Coupler Socket

1/4” Brass P/N D10028
3/8” Brass P/N D10030

### O-Rings (Sold in Bags of 100)

Viton 400F 75 Durometer
1/4” Viton P/N OR-110V7T5
3/8” Viton P/N OR-112V7T5

EPDM 300F 70 Durometer
1/4” EPDM P/N OR-110EPDM70
3/8” EPDM P/N OR-112EPDM70

### Smooth Rubber Pressure Washer Hose

50' x 1/4" M22 screw couplings and bend protectors. Max. 3000psi and 140F. For use with lighter duty pressure washers.
P/N DH426

### PVC Spring Wire Hose

Use for high volume supply hose for 7+gpm machines. Clear PVC wire reinforced, kink resistant
1" P/N DHB18

Wire helix reinforcement prevents kinking or collapsing. Can be used for pressure and vacuum applications which require excellent kink resistance

3/4" P/N DHB75
1" P/N DHB80

### Female Plug QC

1/4” Steel P/N D10006
3/8” Steel P/N D10008
1/4” Stainless P/N D10076
3/8” Stainless P/N D10078

### Male Plug QC

1/4” Steel P/N D10007
3/8” Steel P/N D10009
1/4” Stainless P/N D10077
3/8” Stainless P/N D10079

### Female Socket QC

1/4” Brass P/N D10001
3/8” Brass P/N D10003
1/4” Stainless P/N D10072
3/8” Stainless P/N D10074

### Male Socket QC

1/4” Brass P/N D10002
3/8” Brass P/N D10004
1/4” Stainless P/N D10073
3/8” Stainless P/N D10075

### Female Twist Coupler Plug

1/4” Brass P/N D10022
3/8” Brass P/N D10024

### Male Twist Coupler Plug

1/4” Brass P/N D10021
3/8” Brass P/N D10023

### Female Twist Coupler Socket

1/4” Brass P/N D10027
3/8” Brass P/N D10029

### Male Twist Coupler Socket

1/4” Brass P/N D10028
3/8” Brass P/N D10030

### O-Rings (Sold in Bags of 100)

BURNERS & COILS

Hydro Tek Replacement Heating Coils
(please provide the model# and serial# when possible)

Listed below are the most common coil replacement part numbers. There are additional coils and coil part numbers available. Refer to the machine parts breakdown or call for assistance.

4 spiral, Sch 80 x 1/2"
Fits SK Series and older SS, SC, SCU, & HP Series inlet and outlet on same side
P/N BC480 Coil only (22.25" x 16.38")

SpiraLast™ Heating Coils
Cold rolled and robotically fused
4 spiral, Sch 80 x 1/2" (14")
P/N BC300 Complete coil and stainless wrap assembly (fits HD Series mfg. after 2013)
P/N BC316 Complete coil and stainless wrap assembly (fits some SS Series mfg after 2014)
P/N BC144 Coil only (18.22" x 13.25")

4 spiral, Sch 80 x 1/2" (16")
P/N BC335 Complete coil and stainless wrap assembly (fits HP, SC, and most SS Series mfg after 2014) inlet and outlet on opposite sides
P/N BC484 Coil only (21.27" x 16.18")

6 spiral, Sch 80
P/N BC445 Complete coil and stainless wrap assembly (fits SCU Series mfg. after 2014)
P/N BC788 Coil only (26.75" x 16.57")

6 spiral, Sch 80
P/N BC789 Complete coil and stainless wrap assembly - Hexagonal shaped wrap (for HN Series, mfg. after 2013)

Call for availability and replacement options for coils not listed here.

Disc 18” Exhaust Side
P/N BN109
Disc 18” x 1.5” thick blanket
P/N BN055

**Red Devil Soot Remover**
Improves burner efficiency.
Directions on can. 32oz.
P/N CB200

**Descaler**
Used to remove mineral and soap deposits from heating coils. Instructions included.
Sulfamic acid, 8 pound container.
P/N CB100

**Heating Coil Protection**
Protect heating elements by removing debris or minerals from inlet water. The universal bracket and filter housing kit attaches to most 1”-1 1/2” tubing to fit most pressure washer frames, then choose the filter insert that will most benefit you.
• A 10-micron filter cartridge removes debris, ideal when using well water, sandy or non-potable water.
• The anti-scale cartridge removes minerals to prevent scale buildup.
P/N AF001, cartridge housing and bracket
P/N VFH11, 10-micron cartridge
P/N VFD50, scale inhibitor cartridge

**Coil Lifting Tool**
Lift horizontal coils more steady & securely with the coil lifting tool.
P/N ASC07

### Hydro Tek Generator

**Brushless generator.** For SC and SCU skids manufactured Fall 2014 to present. 2900watt

- Water resistant construction (IP23). Top mounted control box.
- Includes capacitor. 22MM Shaft / 3600 RPM.
- P/N MB034

Brush repair kit for Voltmaster 3000 watt generator sold June 2012 to Fall 2014 on Hydro Tek SC and SCU skids.
- P/N MB026

**Capacitors**

- Capacitor 16MFD for Leroy-Somers, pre May 2012 generators
  - P/N MB025
- Capacitor 25MF replacement for Voltmaster June 2012 to Fall 2014
  - P/N MB022
- Capacitor for brushless generator Fall 2014 to current
  - P/N MB023

**Bulk Water Tanks**
Made from seamless linear polyethylene. Tanks include a 10” 1/4-turn fill lid (except 70 gal tank). Straps / Brackets / Plumbing not included with raw tank. Ships by truck.

**Bulk Water Tank Straps**
You won't need to create a tie down strap, we've done it already. The stainless hold down straps are fabricated to fit these tanks securely and aesthetically. Simply bolt straps down to your flat trailer. Straps are sold individually, two straps required for new install. Complete assemblies with fittings and filters, additional tie down straps available, call for information.

HOSE REELS & SWIVELS

Pivoting Hose Reel:
wall mount or machine mount

Have a look at the AR425 pivoting hose reel. The stainless reel has a capacity of 150' x 3/8", 5000psi, 400° and is designed to mount on tubing with the enclosed clamp, or can be mounted on a wall. The reel has a friction brake for adjusting the drag depending on your job. It will pivot a full 360 degrees or you can slide the pin to lock the rotation where needed.

3/8"x150' / 5000PSI / 400°F
P/N AR425
(hose and gun sold separately)

Stainless Steel Reel for a Painted Price

These Hydro Tek Engineered and manufactured hose reels boast ratings up to 5000PSI and 400°. The universal mounting foot means you can bolt it almost anywhere. The 5000PSI versions are built with a Super Swivel and includes a Zerk fitting for prolonged life. To prevent free-spooling, all models include a brake system: small-base models have a unique friction brake and large-base models include a pop-pin brake. Why pay for a painted reel when you can have a stainless steel reel for about the same cost? Fluid path and mounting foot are zinc plated steel.

3/8" x 150' / 3500PSI / 250°F P/N AR100
3/8" x 150' / 5000PSI / 400°F P/N AR150

3/8" x 250' / 5000PSI / 400°F P/N AR151

Stacking Hose Reels

Two stainless hose reels attached to a sturdy powder coated steel frame that conveniently bolts down to any flat surface.

Two configurations to choose from:

Part# AR325 capacities of 250' x 3/8", 5000psi, 400° paired with a 150° inlet reel with 1/2" swivel.
Part# AR326 capacities of 250' x 3/8", 5000psi, 400° paired with another of the same.

Ships in two boxes, install top reel to stacking bracket.

Page 17
ACCESSORIES

Hydro Twister® Rotary Surface Cleaners

Hydro Twisters® are industrial flat-surface cleaners that connect to a pressure washer and use a spray bar rotating at a high speed just above the ground to clean concrete more consistently than an operator with a wand, with less fatigue and 10-20 times faster. A surface cleaner uses much less water than a hose wash down. Hydro Twister surface cleaners can be used with cold water or up to 250°F hot water on some models for extra stubborn grease or grime, eliminating the need for soap pretreatment in many applications.

- Low profile deck will fit under benches & machinery
- Hose is protected inside stainless handle tubing (except ANT25, ANT29)
- Less fatigue because handle is mounted at an ideal working angle
- Rustproof, stainless deck / handle and heavy duty for daily use
- Brush guard to reduce splash on building windows and operator

Available in 24" (P/N ANTV4, ANTV5) recovery twister
28" (P/N ANTV28, ANTV29, ANT4C) cleaning path and a
24.5"/30" (P/N ANTV5) recovery twister

See the surface cleaner video online at: http://www.hydrotek.us/inventory/hydro-twister-surface-cleaner/#progression-video

Hot Link, Hot Water Generator

The Hot Link attaches to your existing cold water pressure washer to give you the power of hot water to quickly melt away grease and grime. The cold water pressure washer provides high pressure water into the Hot Link which heats the water before delivering it through the spray gun and wand. The Hot Link is flow controlled; when the gun is pulled, the burner automatically starts and stops when the gun is released. Simply attach the Hot Link to almost any cold water pressure washer using the included jumper hose, then connect the pressure washer’s hose, gun/wand and nozzles to the outlet on the Hot Link

12v DC Powered, Diesel heated P/N CPHL5DC
115v Powered, Diesel heated P/N CPHL5E1

Low Impact, High Reach Sprayer

The High Reach Sprayer is ideal for cleaning surfaces with water and chemicals that are not tolerant of the impact of a high pressure washer. Cleaning algae and mold off rooftops, siding, and sidewalks is quick and efficient with this compact self contained sprayer. The AC110 sprays up to 40 feet high so you can avoid the hazards of ladders and scaffolding. The key behind the high reach 12 volt pump is the low restriction hose, swivel and gun that do not degrade the pressure at the spray nozzles like others do. It is also equipped with a wide angle nozzle and angled wand to deliver an even spray application to surfaces that are within easy reach. Requires 2) 6V batteries
P/N AC110

RECLAMATION

Wastewater and Flood Recovery Vacuums

Capture and transfer thousands of gallons of water per hour with the Hydro Vacuum®. These systems are ideal for interior and exterior facilities maintenance contractors who need to collect wash water or for restoration contractors who need to pick up large volumes of water after a fire or flood. Increase your efficiency with optional vacuum tools or even a Twister Vacuum® that can be used with these Hydro Tek recovery vacuums. Meets EPA and storm drain regulations by collecting water before entering storm drains. (For use with cold water or hot water up to 200°F).

View the Hydro Vacuum catalog for additional information.

Electric powered, portable vacuum with pump out.
Recover and transfer 30gpm - 115v, 15 amp or 3500w generator P/N RPV30E1
Recover and transfer 50gpm - 115v, 20 amp or 5000w generator P/N RPV50E1

See the Hydro Vac video online at: http://www.hydrotek.us/inventory/water-evacuation-system-with-pump-out/#progression-video

Gas-engine driven water vacuum with pump out.
Recover and transfer up to 25gpm, up to 350' total vacuum hose length. Use with one or two pickup devices. Requires wall outlet or 2000 watt generator P/N RGV40

See the Gas Vac video online at: http://www.hydrotek.us/inventory/gas-powered-water-evacuation-system-with-pump-out/#progression-video
**Filter Bags 7” Diameter**
Will hang from the Adapter Head (HSS24)
- P/N VFH05 5 Micron 32”
- P/N VFH10 100 Micron 32”
- P/N VFH45 800 Micron inner strainer bag
- P/N VFH55 800 Micron debris catcher, 16”
- P/N VFH40 400 Micron
- P/N VFH41 Duo-Flow Dirt Bag, 26”, 400 micron
  mesh top, 100 micron bottom
- P/N VFH53 8.5” x 9.5” cylindrical dry work filter bag
  for RPV(sold as a 3 pack)

**Adapter Head 1.5” Plastic**
1.5” FPT Inlet
Used to suspend many of the filter bags above
P/N HSS24

**Replacement Filter Basket Strainer**
- 12” x 9.5”, 1000 micron, used on AZV/RZV
  P/N VFHBS2
- 8” x 9.5”, 1000 micron, used on RPV
  P/N VFHBS8

**Hydro Carbon Absorption Pillow**
40 Pound capacity, 18” x 6”
call for quantity discount
P/N VB040

**Universal Hydrocarbon Absorption Sock**
4” x 3” / Filled with recycled cellulose
P/N ZMAT5

**Gate Valve 1-1/2”**
Used on most Hydro Tek built recovery systems and trailers. Allows for quick dumping of sludge and/or water
P/N VV810

**Vacuum Motor**
Motor is 2-stage, 5.7” 110-120v, 9amp
P/N MEV15

**Transfer Pump**
12VDC 17.4PSI / 21.0 GPM / Flooded inlet
All Stainless Steel head and wetted parts
P/N PS135

---

**Stainless Steel Scupper**
Heavy Duty, Stainless Steel pickup device and is heavy enough to stay put.
Fits 1.5” vacuum hose, 6” wide, P/N ATP64
Fits 2” vacuum hose, 12” wide, P/N ATP75

**Sand Bag Dam**
Stainless steel closure on both ends to easily fill partially with sand - sand not incl.
- 2’ P/N ZMAT2
- 10’ P/N ZMAT6

**Hydro Vacuum Accessory Bundle**
One start-up bundle, many uses. Includes the following:
- 25’ vacuum hose and 50’ vacuum hose
- Scupper
- Qty 2) 10’ sand berms
- Hydro Dike berm
- Squeegee tool
- Aluminum carpet wand
- Dry work filter pack
- Bundle P/N ASF10

**Vacuum Hose, Heavy duty, Ribbed**
- 2” x 50’ vacuum hose w/ cuffs, P/N DHV50
- 2” x 25’ vacuum hose w/ cuffs, P/N DHV25
- 2” hose, sold per foot, P/N DHV02
- Cuffs for 2” hose, P/N DHV05
- Connector for 2” hose, P/N DHV51
- 2” to 1½” adaptor, P/N WVV61

**Submersible Sump Pump 1/4 HP**
115 VAC / Max flow 48 GPM / 1/4 Horse Power / Float operated with Automatic Reset Thermal Overload.
P/N PS106

**Submersible Sump Pump 3/4 HP**
115 VAC / Max flow 57 GPM / 3/4 Horse Power / Automatic Reset Thermal Overload.
P/N PSG50

**Submersible Sump Pump 1/3 HP**
115 VAC / Max flow 38 GPM / 1/3 Horse Power / Float operated with Automatic Reset Thermal Overload.
P/N PSG13

**Transfer Pump**
12VDC 45PSI / 5.0GPM P/N PS120
120VAC 45PSI / 4.5 GPM P/N PS125
