

Cold Water: 12v DC powered

The **High Reach Sprayer** is ideal for cleaning surfaces with water and chemicals that are not tolerant of the impact of a high pressure washer. Cleaning algae and mold off rooftops, siding, and sidewalks is quick and efficient with this compact self contained sprayer. The AC110 sprays up to 40 feet high so you can avoid the hazards of ladders and scaffolding. The key behind the high reach 12 volt pump is the low restriction hose, swivel and gun that do not degrade the pressure at the spray nozzles like others do. It is also equipped with a wide angle nozzle and angled wand to deliver an even spray application to surfaces that are within easy reach.

PRESSURE	75psi at nozzle (5 bar)
FLOW CAPACITY	2.75 gpm (10 liters) – 4gpm maximum
POWER / ENGINE	12 volt motor with heat sink cooling fins
VOLTS / AMPS	12v dc, 24.9 amps 30amp fuse, 8 Hour run time (intermittent)
CONTROLS / SWITCHES	Toggle switch and auto on/off demand switch
PUMP	Triplex diaphragm with pressure switch, rated 100psi 7gpm
POWER	2) battery boxes included – dual 6 volt dc 230 amp hour batteries required
PRESSURE CONTROL	Shut off switch set at 100psi
WATER SUPPLY	3/4" x 10' inlet hose with strainer & cam lock connector – mixing tank not included
CHEMICAL INJECTION	Compatible with 5% Sodium Hypochlorite – Flush system after use
PRESSURE HOSE	5/8" x 250' clear nylon braid
GUN / WAND	Trigger gun valve, 24" wand, M22 twist connector
NOZZLE	1) #20 x 0°, 1) #20 x 40°, 1/4" stainless quick coupler, nozzle holder
HOSE STORAGE	Reel 250' capacity, 1/2" hi flow swivel, spring friction brake, lock pin
FRAME CONSTRUCTION	Structural tubing frame and 12 gauge base, powder coated
MOUNTING	4) Holes to bolt down to your truck or trailer
WEIGHT/DIMENSIONS	112#, 20"l x 17"w x 40"h

Specifications subject to change without notification and may vary due to ambient conditions. Requires batteries

Featuring:

- ✓ **Stainless constructed reel** is rustproof and adds long-term value to your investment
- ✓ **Spray surfaces clean with low impact** and stop growth of algae and mold by adding "Chlorine" to your bulk mixing tank.
- ✓ **Reach rooftops and walls** from the ground up to 40' to increase worker safety and save time
- ✓ **Long run time** with capacity for dual 6 volt batteries, it will spray all day long before recharging
- ✓ **Compact size and long hose reach** makes a great addition your wash rig and service offering without taking up much space
- ✓ **High output system** designed to deliver up to 50% more of the pump pressure at the spray tip than other soft wash systems

Options...

48" Wand (AVW48), 79" Wand (AVW72)
Bulk water supply tanks (200 or 270 gallon)
